1 x 26ah MAXI Power Battery
1 x Battery Bag
1 x 12V Charger
Straps
Tools
Instructions

Staying with the overall features of the **Powerhouse** Freedom T2, the T2 "S" differs in only one aspect. The wheel fitted to the T "S" are non pneumatic. They are solid, tubeless and slightly lighter in weight. This gives the T2" "S" an overall lighter feel whilst maneuvering and assembling.

In all other ways you would be presented with one of the most equipped digital Electric trolley available on the market today.

Optional extras:
Umbrella Holder*, Score Card*, Seat*, Canvas Carry Bag, Cup Holder*, High Capacity Charger
Please read enclosed leaflet for all Accessories and current prices
